Re: Local Competition and Broadband Reporting
FCC Form 477; CC Docket No. 99-301

Dear Ladies and Gentlemen:

In response to Mr. Maher's July 23, 2004 letter,¹ and as described in Frank Simone's August 13, 2004 letter,² AT&T Corp. ("AT&T") has completed its review of its previously filed year-end 2003 FCC Form 477 data. As Mr. Simone's letter indicated, the review of the December 31, 2003 data showed that all line count information submitted on the Form 477 was accurate, as was all other information with one exception. During the review, we discovered that we had reported broadband zip code data for zip codes where AT&T provided broadband service below the 200 Kbps threshold, instead of just those zip codes where we provide service in excess of that speed. AT&T has corrected the error and submitted a Revised Form 477 (the "Form") under confidential seal on August 23, 2004 to reflect those corrections. AT&T is submitting separately today under confidential seal a Second Certification Statement for the revised Form.

¹ Letter to Michael DelCasino, Director – Government Affairs, AT&T, from William F. Maher, Jr., Chief – Wireline Competition Bureau, Federal Communications Commission, *Review of AT&T Communications 2003 Data Submitted Per FCC Form 477*, July 23, 2004.

² Letter to Jeffrey Carlisle, Acting Chief – Wireline Competition Bureau, Federal Communications Commission, from Frank S. Simone, Government Affairs Director, AT&T, *Review of AT&T Communications 2003 Data Submitted Per FCC Form 477*, August 13, 2004.

Should there be any questions about the attached material, please call me at 202-457-3878 or Frank Simone at 202-457-2321.

Respectfully submitted,

Stephen C. Garavito
